#### **A message to all our customers .....**

I am afraid that last session (2023-24) saw the final production of yearly prelim papers and assessment materials from Pegasys Educational Publishing (across all subjects and levels).

For us here at Pegasys it is undoubtedly the end of an era as we have been producing unique assessment materials for Scottish schools/colleges for more than 28 years.

We would therefore like to take this opportunity to thank all of our many customers for their continued loyalty, custom and support over these many years.

We hope, that we have in some way, made a very demanding job for teaching staff a little easier. But more importantly, we hope that we have had a positive and beneficial effect on all the many pupils and students who have experienced our assessment materials over the years.

L. Wright (Proprietor – Pegasys Educational Publishing)

Although no new assessment materials are available for 2024-25 we have put together extensive packs/sets of “six” practice papers for each of the following ....

- **Higher Business Management** (a set of 6 full course practice papers + marking schemes)
- **National 5 Business Management** (a set of 6 full course practice papers + marking schemes)
- **Higher Administration & IT** (a set of 6 full course practice papers + marking schemes)
- **Higher Administration & IT- Assignments** (a set of 6 practice Assignments + marking schemes)
- **National 5 Administration & IT** (a set of 6 full course practice papers + marking schemes)
- **National 5 Administration & IT- Assignments** (a set of 6 practice Assignments + marking schemes)
- **Higher Accounting** (a set of 6 full course practice papers + marking schemes)
- **National 5 Accounting** (a set of 6 full course practice papers + marking schemes)

**Please see the next page for more information on these new resources.**

**Ease your workload by ordering our quality resources today!**

**Our new packs of Practice Papers .....**

All of our new packs listed on the previous page contain six (whole course) practice papers or assignments plus full marking schemes/answers and **are mostly made up from our last 6 years of prelim papers**. All have been adjusted to the same format, have new front pages and closely mirror the final examinations now that the Covid restrictions on content and timings have been relaxed.

All the practice papers come in Word format although in some cases specialised data files will come in varying formats.

Since in Word format the papers can be adjusted easily for length and content. Perhaps more importantly the papers can be altered (with cut-and-paste) to produce new resources for individualised assessment purposes if required.

*We believe these new packs constitute a huge and worthwhile resource. They would be especially valuable to establishments who have not purchased full sets of our assessment materials over the last six or so years.*

*They can be used to create new assessments or given to pupils, in their entirety, as a pre-examination resource (similar to the old past paper books) .*

- 
- \* **All** materials/packs are ready to go and orders will be completed a.s.a.p. (usually within a few days of receipt of an order).
  - \* **Local authorities or individual establishments will be invoiced for payment.**
  - \* All orders are VAT free.
