

Our new Mathematics
Flyer/Order Form for 2022/23
follows this information page.
Thank you.

Pegasys Educational Publishing

COVID-19: Update and Information for 2022/23

Pegasys Publishing is continuing to respond to COVID-19 and will deliver its services and materials as per last session's model

The outbreak of COVID-19 has changed everything about the way we live and work. Our thoughts, here at Pegasys, are with all those who have been affected by the Novel Coronavirus (COVID-19) and we hope that you and your family and friends are safe and well.

Our philosophy as a business is to approach this situation with empathy and urgency. Our top priority is the continuing health and safety of our staff, our customers and their students.

Below you will see details of the changes we are again making in getting our flyers/order forms to you as well as in the ordering arrangements and the electronic delivery of our materials.

Pegasys Publishing - Business as usual - Supporting schools and colleges

As usual Pegasys Educational Publishing is offering unique and original assessment and support materials for the 2022-23 session for both Mathematics and Business Education.

We are also offering practice, support and revision materials for English and all three Sciences.

Flyers & Order Forms:

Once again, for health and safety reasons, **we will not be posting out** our new Flyers/order forms for 2022/23. All our new flyers & order forms for 2022/23 can be found and downloaded from our website www.pegasyspublishing.co.uk

Ordering:

Materials can be ordered in the normal way (through a relevant order form). However we would ask you to email the order form(s) back to us at pegasyspublishing@gmail.com if at all possible. If you prefer an order can be faxed to 01236 430006. We will, of course, still accept posted order forms if this suits you better.

Delivery of Materials:

Once again we are removing the options to have your materials delivered on CD Rom or in paper format. For the reasons of safety we will be emailing all materials to you (**i.e. electronic delivery of materials only**). All our order forms now contain a box for an email address to be entered. Your order will be emailed to the address you give on the form (more information on this can be found on the order form itself).

Invoices will be emailed along with the materials unless required to be sent separately to your local authority as per their usual instructions or under any new instructions pertaining to COVID-19.

As always, if you have any questions, concerns or suggestions, please don't hesitate to get in touch with us. Thank you.

MATHEMATICS
2022/2023

Pegasus Educational Publishing

Prelim / Assessment / Practice Papers

Revision Packs and Course Materials

2022/2023

- **Higher Prelims & Mini-Prelims 2022/23**
(multiple formats on offer this year plus separate mini-prelims for all three CFE H Units)
- **Higher Extended Unit tests 2022/23**
- **Higher Practice Unit Tests** (non-cloned practice NARS)
- **Advanced Higher Prelim 2022/23** (new format, timings & marks)!!!
- **Advanced Higher Extended Unit Tests 2022/23**
- **AH Course Notes** (a massive resource!!)

"Curriculum for Excellence"

Lifeskills has become "Applications of Mathematics" so all Packs/Tests and Prelims throughout this flyer/order form have now been renamed accordingly. Thank you.

- **Worksheet and Homework Packs for National 4 & National 5**
- **Worksheet and Homework Packs for N4 & N5 Appl. of Mathematics**
- **Worksheet Pack for National 3 Applications of Mathematics**
- **Homework Pack for National 3 Applications of Mathematics**
- **Extended Unit Tests 2022/23 for N5 Applications of Mathematics**
- **N5 Applications of Mathematics Prelim/Practice Examination 2022/23**
- **Extended Unit Tests 2022/23 for National 5**
- **National 5 Prelim/Practice Examinations 2022/23**
(distinct prelim options available again this year including an APP unit mini-prelim)

We are aware that changes in content, timings & mark allocations have now been in a semi-fluid state for all SQA courses and examinations over the last few years. All our prelims will mirror any changes. **Any further alterations coming to light after the publication of this flyer, will be taken into account, and applied, by the time our prelims are published and delivered to establishments.** Thank you.

Please read

Over 78% of Scottish schools regularly use Pegasus Publishing

- * **All examination papers and extended tests are original to 2022/2023.**
- * **Great care has been taken with the construction of, and the content within, each of our prelim examinations and extended unit tests.**
- * **All content proofed for suitability, accuracy and difficulty.**
- * **The duration of each paper and the allocation of marks is consistent with the current Scottish Qualification Association examinations.**
- * **All course and revision packs are entirely original.**
Each has been constructed with care to either "fit-in" with existing materials or to stand alone as an individual resource.

**Ease your workload by ordering our
quality resources today !**

(All prices can be found on the order form)

CURRICULUM FOR EXCELLENCE - PAPER / PACK DESCRIPTIONS 2022/2023

All our new packs and papers have been developed in line with the "Experiences and Outcomes" of Curriculum for Excellence.

Suitable real life contexts have been used wherever possible in keeping with the ideals of Curriculum for Excellence.

CFE Level 3 Homework Pack

This pack consists of approximately 33 exercises (1 exercise at each of the three sub levels for each topic of the Level 3 course) amounting to around 65 – 70 pages of work in total. There are separate homeworks for each topic with the exception of "short" topics which are incorporated into other exercises. For example, Rounding is included in Number Processes.

The exercises in this pack are differentiated over three sub levels.

Pack contains

- 11 homework exercises at the **Groundwork Sub Level**
- 11 homework exercises at the **Core Sub Level**
- 11 homework exercises at the **Extension Sub Level**

Sub Level descriptions ...

- Groundwork** - The content of this is mainly pre Level 3. It is aimed at students who may struggle with the core content of Level 3, but who would be covering the same topics as those on the core Level 3 course.
- Core** - As its name suggests, this covers the core content of Level 3 with the exception of the most demanding outcomes and experiences.
- Extension** - Aimed at stretching the more able students with more demanding applications of level 3 content (and very occasional level 4 content). There is an emphasis on problem solving.

This homework pack comes complete with answers.

(Tick box CE1 on main order form)

CFE Level 3 Assessment Pack

This pack consists of 24 separate assessments.

There are **8 assessments at each of the three sub levels** consisting of 4 practice (or pre) assessments + 4 main assessments.

The assessments in this pack are differentiated over the same three sub levels as the homework pack.

4 pre-assessments + 4 assessments at the **Groundwork Sub Level**

4 pre-assessments + 4 assessments at the **Core Sub Level**

4 pre-assessments + 4 assessments at the **Extension Sub Level**

All assessments come complete with full marking instructions and marking schemes.

(Tick box CE2 on main order form)

The packs described below have been developed in line with the SQA Course Guidelines for Nationals 4 & 5 of Curriculum for Excellence and are aimed at young people working at these levels.

Please note most of the material in these packs has been taken from our previously published resources and have been re-organised, adapted and collated to fit exactly into the new "National 4 & 5 Guidelines".

CFE National 4 Worksheet/Homework Packs

These packs cover all the topics within the three units of the new National 4 for Mathematics.

Each pack contains exercises giving extensive practice in the basics for each topic area, and, where appropriate, problem solving and examination type questions.

Each pack represents a huge resource and is designed to last the time allocated to that unit within the new arrangements.

N4 Pack 1 for Unit: Expressions & Formulae (EF) (Tick box CE3 on our main order form)

N4 Pack 2 for Unit: Relationships (REL) (Tick box CE4 on our main order form)

N4 Pack 3 for Unit: Numeracy (NUM) (Tick box CE5 on our main order form)

N4 Homework Pack (homework exercises covering all 3 units) (Tick box CE6 on our main order form)

Answers are provided for each pack with marking schemes included in the Homework Pack.

CFE National 5 Worksheet/Homework Packs

These packs cover all the topics within the three units of the new National 5 for Mathematics.

Each pack contains exercises giving extensive practice in the basics for each topic area, and, where appropriate, problem solving and examination type questions.

Each pack represents a huge resource and is designed to last the time allocated to that unit within the new arrangements.

N5 Pack 1 for Unit: Expressions & Formulae (EF) (Tick box CE7 on our main order form)

N5 Pack 2 for Unit: Relationships (REL) (Tick box CE8 on our main order form)

N5 Pack 3 for Unit: Applications (APP) (Tick box CE9 on our main order form)

N5 Homework Pack (homework exercises covering all 3 units) (Tick box CE10 on our main order form)

Answers are provided for each pack with marking schemes included in the Homework Pack.

CFE National 4 Applications of Mathematics Bundle

National 4 Applications of Mathematics bundle contains

- 2 Added Value practice tests (each consists of P1 non-calc. 20 marks & P2 calc. 40 marks)
- 3 Practice Unit Tests (one for each unit)
- An Extended Test covering the whole Applications of Mathematics course

All tests come complete with full marking instructions and marking schemes.

(Tick box CE11)

CFE National 3 Applications of Mathematics - Worksheet Pack

This pack specifically covers the topics within the three unit tests of the N3 Applications of Maths ...

*** Manage Money and Data * Shape, Space and Measures * Numeracy**

The pack contains a set of classroom worksheets giving extensive practice in each topic within the unit tests and, where appropriate, incorporates problem solving questions with many set within real life contexts.

Answers are provided with the pack.

(Tick box CE12)

CFE National 3 Applications of Mathematics - Homework Pack

This pack contains a set of homework exercises that cover the topics within the three unit tests of the new National 3 Applications of Mathematics

*** Manage Money and Data * Shape, Space and Measures * Numeracy**

The pack contains a set of homework exercises giving further practice in each unit topic.

Answers are provided with the pack.

(Tick box CE13)

CFE National 4 Applications of Mathematics - Worksheet Pack

This pack covers all the topics within the three units of the National 4 Applications of Mathematics ..

*** Managing Finance and Statistics * Geometry and Measures * Numeracy**

The pack contains a set of classroom worksheets giving extensive practice in the basics for each topic area, and, where appropriate, incorporates problem solving questions with many set within real life contexts.

Answers are provided with the pack.

(Tick box CE14)

CFE National 4 Applications of Mathematics - Homework Pack

This pack contains a set of homework exercises that cover most of the topics within the three units of the new National 4 Applications of Mathematics

*** Managing Finance and Statistics * Geometry and Measures * Numeracy**

The larger topics have an individual homework exercise to themselves ... however smaller related topics are joined together within a single exercise.

Answers are provided with the pack.

(Tick box CE15)

CFE National 5 Applications of Mathematics - Worksheet Pack

This pack covers all the topics within the three units of the National 5 Applications of Mathematics ...

*** Finance and Statistics * Geometry and Measures * Numeracy**

The pack contains a set of classroom worksheets giving extensive practice in the basics for each topic area, and, where appropriate, incorporates problem solving questions with many set within real life contexts.

Answers are provided with the pack.

(Tick box CE16)

CFE National 5 Applications of Mathematics - Homework Pack

This pack contains a set of homework exercises that cover most of the topics within the three units of the new National 5 Applications of Mathematics

- Finance and Statistics**
- Geometry and Measures**
- Numeracy**

The larger topics have an individual homework exercise to themselves ... however smaller related topics are joined together within a single exercise.

Answers are provided with the pack.

(Tick box CE17)

CFE National 5 Practice Examination Papers

A set of 'six' practice examination papers for National 5

- Each paper covers all three units.**
- For each practice exam paper ... P1 is a non-calculator paper, worth 40 marks, and lasts for 1 hour
P2 is a calculator paper, worth 50 marks, and lasts for 1 hr 30 mins**

All papers come complete with full marking instructions and marking schemes.

These papers have been partially constructed from previously seen and used materials. The remainder of the questions being unique and unseen to ensure complete coverage of the National 5 course.

(Tick box CE18)

NATIONAL 5 ASSESSMENT MATERIALS 2022/2023

All the CFE assessment materials following are sight 'unseen' and 'unique' to 2022/2023

National 5 ... Extended Unit Tests 2022/2023

- * A set of three individual extended unit tests (one test for each unit) at National 5.**
- * Each test is a single paper lasting 45 minutes and is designed to test beyond basic competency.**
- * All questions completely original and unseen (unique to 2022/2023).**

Ideal for exposure to work above the core-level or as a means of testing the units at a more demanding level.

If pupils are being NAR re-tested those who have already passed can take advantage of these tests.

National 5 ... Extended Unit Tests (a set of three 45 minute tests)

(Tick box CE19)

National 5 Applications of Mathematics Extended Unit Tests 2022/2023

- * A set of **three** individual extended unit tests (one test for each unit) for National 5 Applications of Maths
- * Each test is a single paper lasting 45 minutes and is designed to test **beyond** basic competency.
- * **All questions completely original and unseen (unique to 2022/2023).**

Ideal for exposure to work above the core-level or as a means of testing the units at examination level.

N5 Applications of Maths ... Extended Unit Tests (a set of three 45 minute tests) (Tick box CE20)

National 5 Applications of Mathematics .. Practice/Prelim Examination 2022/2023

A prelim/practice examination paper for National 5 Applications of Mathematics covering topics from across all three units of the N5 Applications of Mathematics course.

*All recent changes
in place for 2022/23!!*

National 5 Applications of Mathematics Practice/Prelim paper 2022/2023.

All questions are
original and unseen.
Unique to 2022/2023.

P1 - (non-calculator paper) will last 65 minutes and is worth 45 marks.

**P2 - (calculator paper) will last 120 minutes and contains extended response questions along with some questions with real life contexts.
This paper is worth 65 marks**

(Tick box CE21)

National 5 Practice/Prelim Examinations 2022/2023

This year we are offering a choice of papers at National 5. We are aware that many schools will not have covered the complete course at the time of prelims so are offering a more flexible approach.

National 5 Practice/Prelim examination paper 2022/2023 (P1/P2), covering Units EF, REL only.

All questions are
original and unseen.
Unique to 2022/2023.

P1 - (non-calculator paper) will last 75 minutes and is worth 50 marks.

P2 - (calculator paper) will last 110 minutes and contains both short and extended response questions. This paper is worth 60 marks

(Tick box CE22)

National 5 Practice/Prelim examination paper 2022/2023 (P1/P2), covering Units EF, REL & APP.

*All these papers are
unique to 2022/23!!*

P1 - (non-calculator paper) will last 75 minutes and is worth 50 marks.

P2 - (calculator paper) will last 110 minutes and contains both short and extended response questions. This paper is worth 60 marks

(Tick box CE23)

National 5 Mini-Practice/Prelim examination paper 2022/2023, covering Unit APP only.

- single paper worth 40 marks and lasting 60 minutes.

(Tick box CE24)

Full marking schemes are included with all papers.

There are **no common questions over these three papers** and we have endeavoured to cover all aspects of the National 5 course. E.g. if finding an angle using the cosine rule appears in one paper then finding a side using the Cosine rule will be covered in another paper, etc.

Higher & Advanced Higher Prelims 2022/2023 & course materials

Please note: All our Higher and Advanced Higher Mathematics prelims and Extended Tests 2022/2023 are of a format which relates to the most up-to-date arrangements for the CFE Higher and CFE Advanced Higher.

CFE Higher – Prelim covering all the topics in Units EF, Rel/Cal & App.

(2022/2023)

P1 (non-calculator) will last 90 mins and is worth 70 marks.

It will contain approx. 15 questions most of which will be shorter response.

P2 (calculator) will last 105 mins and is worth 80 marks.

It will contain approx. 12 questions most of which will be extended response.

(Tick box A)

New timings and mark allocations in place...

New format !!...

CFE Higher – Prelim covering the topics in the old Units 1 & 2 only.

(2022/2023)

P1 (non-calculator) will last 70 mins and is worth 60 marks.

It will contain approx. 12 questions most of which will be shorter response.

P2 (calculator) will last 90 mins and is worth 70 marks.

Will contain approx. 10 questions most of which will be extended response.

(Tick box B)

Due to this prelim covering only two units, traditional timings and mark allocations used...

CFE Higher – Mini- Prelim paper - covering the topics in the old Unit 3.

(2022/2023)

Paper - 50 mins and approx. 40 marks. Includes a detailed marking scheme.

The paper will contain a mixture of short and extended response questions.

(Tick box C)

Please note: There are common questions between the three prelims above (boxes A, B & C).

CFE Higher Mini-Prelims 2022/2023

Each of the mini-prelims below has two sections. A Section A which is non-calculator and a Section B where calculators are allowed. This allows each prelim to be given in two stages if required.

If all three mini-prelims are purchased they can be combined in any order to produce a longer prelim to suit individual needs re topic/course order! Remaining questions can then be given at a later date.

CFE Higher – Mini-Prelim paper covering the content within the **Applications unit**.

App. Unit

Paper - 65 mins and 50 marks. A detailed marking scheme is included.

(2022/2023)

The paper will contain a mixture of short and extended response questions.

(Tick box D)

CFE Higher – Mini-Prelim paper covering the content within the **Rel. & Calculus unit**.

Rel/Cal Unit

Paper - 65 mins and 50 marks. A detailed marking scheme is included.

(2022/2023)

The paper will contain a mixture of short and extended response questions.

(Tick box E)

CFE Higher – Mini-Prelim paper covering the content within the **Exp. & Functions unit**.

Exp/Fun Unit

Paper - 65 mins and 50 marks. A detailed marking scheme is included.

(2022/2023)

The paper will contain a mixture of short and extended response questions.

(Tick box F)

(Please see order form for purchasing all three mini-prelims - Tick box G)

There are no common questions between these three mini-prelims and items A, B & C above.

CFE Higher Extended Unit Tests 2022/2023 - Testing Units EF, Rel/Calc & Apps.

A set of **three individual extended unit tests**, testing beyond basic competency.

Each test is a single paper lasting 50 minutes and is worth 40 marks.

Tests will include a mixture of short and extended response questions.

All questions in the above tests are original and unseen. Unique to 2022/2023.

(Tick box H)

CFE Higher Practice Unit Tests (~ NARS) - for Units EF, Rel/Calc & App

A set of **nine (non-cloned) individual practice unit tests**.

Three tests for each Unit - Expressions and Functions, Relationships & Calculus, Applications.

These tests **do not** closely mirror the new SQA NARS as cloned tests are no longer accepted for practice. These tests are similar in topics and level but the order, emphasis and structure have all been changed.

(Tick box I)

CFE Higher Mathematics - Practice Examination Papers

A set of 'six' practice examination papers for the new CFE Higher in Mathematics.

- Each paper covers all three units.

- For each practice exam paper ... P1 is a non-calculator paper, worth 60 marks, and lasts for 70 mins
P2 is a calculator paper, worth 70 marks, and lasts for 90 mins

All papers come complete with full marking instructions and marking schemes.

These papers have been mostly constructed from previously seen and used materials.

The remainder of the questions being unique and unseen to ensure complete coverage of the course.

(Tick box J)

Higher Multiple Choice Pack - Although no longer a requirement this pack is an excellent resource for topic by topic revision and homework

(Tick box K)

Higher Revision/ Homework Packs

Pack 1 This pack is an excellent topic by topic resource.

(Tick box L)

Pack 2 This pack has been made up from questions previously published by ourselves in prelim papers (<2001).

(Tick box M)

Advanced Higher Grade Mathematics – Assessment Materials

CFE Advanced Higher Mathematics Prelim 2022/2023

New format!!...

Prelim/Practice paper covering the topics from **all three units** (*Methods in Algebra & Calculus, Applications of Algebra & Calculus and Geometry Proof & Systems of Equations*).

This prelim examination consists of "two" papers and lasts for a total of 3 hours 30 mins.

New format, timings and mark allocations for 2020/21...

- P1 (non-calculator) will last 1 hour and is worth 35 marks.

- P2 (calculator) will last 2 hours 30 mins and is worth 80 marks.

The content and structure of the prelim will be in line with the latest arrangements for the new CFE Advanced Higher in Mathematics implemented for 2022/23.

The questions will cover all levels of difficulty and not just the core work at level C.

This will provide a realistic examination experience for your students

(Tick box N)

**** Please read ...** We at Pegasys understand that with the new CFE AH Mathematics format many departments may decide to progress through the course in their own preferred topic/unit order. **With this in mind we have decided to offer again a full course Prelim/Practice Examination paper for this session albeit with the new format, timings and marks allocations (3 hours 30 mins, 115 marks) in place.** It has been designed in such a way that any questions you may not have covered, by the time of the paper needing to be used, can be easily removed from the examination, bringing it back to perhaps a two hour paper or similar. The removed questions could then be given later as a top-up mini-prelim. Alternatively you could feed in questions from our AH Extended Unit Tests 2022/23, to plug the gaps, keeping the examination at 3 hours 30 mins. All the remaining questions both from the Prelim and the Extended Tests could then be used at a later date once the course has been completed.

We have tried to be as flexible as possible with our materials in order to cover varied approaches to this new format. Thank you.

CFE Advanced Higher Extended Unit Tests 2022/2023

- * A set of three individual unit tests (one test for each unit).
- * Each test is a single paper lasting 50 minutes and is designed to test beyond basic competency.
- * All questions completely original and unseen (unique to 2022/2023).

Ideal for exposure to work above the core-level or as a means of testing the Units at a more demanding level.

(Tick box O)

CFE Advanced Higher Course Notes & Worked Examples

- * Full set of course notes in running order for the new CFE Advanced Higher Mathematics
- * Spaces for pupils to fill in and complete worked examples
- * Includes a teacher version with all examples completed!!
- * Easily moveable topics to suit the running order in your school
- * Will speed up the teaching of AH and free more class time for practice and extension

This is a massive new resource running to approximately 170 pages!!

(Tick box P)

'NEW' CFE Advanced Higher Practice Unit Tests (~ NARS)

A set of **six (non-cloned) individual practice unit tests.**

Two practice tests for each Unit - *Methods in Algebra & Calculus, Applications of Algebra & Calculus and Geometry Proof & Systems of Equations.*

These tests **do not** closely mirror the new SQA NARS as cloned tests are no longer accepted for practice. These tests are similar in topics and level ... but in most cases the order, emphasis and structure have all been changed.

(Tick box Q)

- * **All materials will be sent out late August early September 2022 (following Covid-19 regulations).**
All orders received by the 30th June 2022 will be sent out at the time stated above.
Orders received after that date will be completed a.s.a.p. (usually within a few days).
- * **Establishments/local authorities will be invoiced for payment as per Covid-19 arrangements.**
- * **All orders are VAT free.**
- * **We accept orders throughout the year.**
- * **Contact us ... tel/fax: 01236 430006 email: pegasyspublishing@gmail.com
web: www.pegasyspublishing.co.uk**

Please use the double-sided order form following this page and send it, via your establishment's finance department, to the email address given on the form .

You may, if you prefer, fax your order to 01236 430006 or post it to the address given on the form. Due to Covid-19 we would prefer if you either emailed or faxed your order, however we will of course accept orders by post. Thank you.

Please note : The second side of this order form must be completed. Thank You

Due to the ongoing situation with COVID-19 and the safety regulations now in place we are only offering our materials in electronic format (i.e. by email) this year. So there is no option for paper copies to be ordered nor will we be sending out CD Roms this session. I hope you understand the need for these precautions.

Any materials ordered from this form will be delivered to you electronically so please complete the box below giving a working email address that you would like the materials sent to.

Please note: preferably the email address given is connected to your establishment (ie your personal school email, your school office email or a "glow" email). Thank you.

please write your email address here

Email address for ordered materials

[Invoices will be emailed along with the materials unless sent separately to your local authority as per their usual instructions or under any new instructions pertaining to COVID-19]

Your Details : Name of School/College _____
(or centre)

Your Name: _____ Date : _____

Please ensure that you have completed all relevant parts of this order form in particular your email address in the box above .

This order form should be passed to your establishment's finance department who may wish to attach an order form of their own.

Form(s) should then be emailed to pegasyspublishing@gmail.com , faxed to 01236 430006 or posted if necessary to the address given on the previous page of this form. *Thank you for ordering from Pegasys Publishing.*
